SOCIAL MEDIA PROFILE TIPS

Many social media websites have different parts in the personal profile section. One part is often about specific preferences—movies, books, TV shows, and sports. Another part is for biographical information. When you create a social media profile, here are some things to consider:

- Are your preferences interesting?
- Is your personal information interesting? Write one or two interesting things about yourself!
- Is your information safe? Don't write your home address, phone number, or vacation dates.
- Is your grammar and spelling correct? Your language is part of your reputation!
- Finally, is your picture good? Use a clear picture of yourself.

1 This is a social media website.
